

Attached Residential Garage Permit Submittal Checklist

Applications for construction of **Attached Garages** are reviewed by the Building and Inspection Services Division and Planning Division for compliance with applicable ordinances and design criteria and are required to be approved by these entities prior to issuance of a building permit. The following list of documents or information is required at the time of submission of application for permit:

- Completed City of Wheat Ridge **Permit Application** form containing the following:
 - Property owner name, address and contact information
 - Contractor and subcontractor information (*A contractor currently licensed with the City of Wheat Ridge, possessing a minimum Class 3 license, is required at the time of submission unless all work is performed by the property owner and that owner resides at the property currently and for a minimum of year from the date of completion of the project. Homeowners are required to obtain a Homeowners Contractor's License in accordance with licensing procedures*)
 - Detailed description of work to be performed
 - Contract value of all work to be performed
 - Printed name and signature of individual submitting application
- A copy of the **Property Deed** or other document(s) verifying residency/ownership *may* be required prior to acceptance of an application or issuance of a permit
- An **Improvement Location Certificate (ILC)** *or* an **Improvement Survey Plat (ISP)** *or* a **Site Plan** as described below
- Two (2) sets of minimum **11" x 17" construction plans*** containing:
 - **Site Plan** – must be “to scale” and be an accurate depiction of the site based on available survey information including scale, north arrow, property line locations, identification of streets and alleys, an all existing and proposed improvements including structures, fences, etc. Site plan should also depict means of access to structure and materials used to construct that access
 - **Architectural Elevations** - must be “to scale” and accurately depict all proposed elevations including materials to be used and measurements to top of ridge and midpoint of roof
 - **Structural plan(s)** bearing the seal of a State of Colorado licensed Structural Engineer for foundation system, framing, and any miscellaneous structural components
 - **Detail drawings** of other systems and components (i.e. plumbing, electrical, etc.) as necessary to facilitate review

****Attached garages are required to be constructed on an approved foundation system bearing the seal of a State of Colorado licensed Structural Engineer and inspections of such foundation systems are required to be performed by the engineer-of-record and verified to the Building Division through provision of an original stamped letter of compliance at the time of first framing-related inspection.****

****APPLICATIONS THAT ARE INCOMPLETE OR LACKING SUBMITTAL DOCUMENTS WILL NOT BE ACCEPTED BY THE BUILDING DIVISION.****

FOUNDATION SETBACK AND ELEVATION CERTIFICATION

This form, including the Exhibit on the reverse side, must be fully completed by a Professional Land Surveyor licensed in the State of Colorado. This Certification must be submitted for review and approval prior to the placement of concrete and before proceeding with any further construction.

DATE: _____

PERMIT# _____

ADDRESS: _____

LOT _____, **BLOCK** _____, _____ **SUBDIVISION**

I hereby certify that the elevation and location of the recently constructed structural foundation for the above property described above has been measured by me or directly under my supervision. The foundation setbacks and elevations for **all recently constructed building corners** as stated herein have been found by me to be in compliance with all civil engineering and Building Permit construction plans as approved by the City of Wheat Ridge.

The **MINIMUM SETBACK DISTANCES** from the property lines have been determined to be:

FRONT: _____ **REAR:** _____ **SIDE:** _____ **SIDE:** _____

The **MINIMUM ELEVATION** has been determined to be: _____ (NAVD88).

The above measurements have been determined on the following location:

Check only one): _____ Top of proposed foundation **prior** to placement of concrete
_____ Top of foundation **subsequent** to placement of concrete

The setback and elevation measurement locations are identified on the attached exhibit.
